

FREE RESCUE CLASS AUGUST 13-17, 2018

Interested in becoming a part our Rescue Team at Code Red Safety? August 27-31, 2018 we will be holding a training class to become a Rescue Technician at our Hammond, IN Branch. The Rescue Training Class is specially designed to provide a powerful new set of new skills, strategies and techniques to take on the challenges and rewards of becoming a CRS Rescue Technician. **To register, apply online at <https://coderedsafety.com> and someone from the Code Red Team will reach out to you to confirm with you closer to the class date.**

A final exam ("skill set test") will be given to each participant on the last day of the class to ensure the participant can meet the expectations of the job. Participants who pass the skill set test will be provided with a Certificate Of Completion and offered a part-time position with Code Red Safety!

The classroom is only open to 30 qualified students, so please register early as the class fills up quickly!

*A qualified student is a person over the age of 18, a High School Graduate/GED, and must be able to pass a Drug & Alcohol Test/Background screening. Firefighter, EMT/paramedic, rope experience, OSHA certifications are preferred - but not necessarily required.

**WE HAVE PART TIME
